Prepare — The Adventure Is Here

STOP!

You are entering a world of fascination and imagination. Before you venture further, get out your shades and prepare yourself.

Now that you have prepared for the next step, you are ready to relive the triumphs and defeats of the 1987-88 school year. You will see, remember and feel the excitement of the dances, football, basketball, volleyball, the parties and the fun you had with your friends.

The time has now to come to begin our journey back through time. Think back to September 1, 1987. It's the first day of school and all of the familiar faces are there. The school year zooms by. Before you know it, football season is half through. With four games left, the Lions are undefeated. Suddenly, it is time for semester exams. The year passed so quickly.

Now we are in the present. The memories are swarming around you. Pick up your shades and dare to venture through the year. Go with us now as we "View Through the Shades of MHS."

4.

Shades of Personality

1. Senior Alicia Gidney shows her enthusiasm for school.

2. Senior Karl Schindler ponders upcoming band contest.

3. Beth Mack, senior, assists with student class schedules.

4. Laura Reich, senior trig students explains trig functions to classmates.

5. Economics is so hard! Senior Amy Justice works to finish abstract.

6. School's fun!

LIONS ...
A SHADE ABOVE THE REST

Seniors Are Ahead

Senior Class Officers: Sheila McNiel, Stacy Roddy, Traci Harden, Jeff Minter, and Amy Galbraith.

The 1988 Senior class consisted of 268 students at the beginning of the school year. As juniors they won the annual homecoming float contest. (Remember — the float they built in one night.) This class boasts two National Merit commended students. Throughout their high school years, they have upheld the traditions of leadership, respect and dignity.

Juniors Take First Shot at TEAMS

The Junior Class of 1987-88 was very active. It was a class that came together to be a very important part of life at MHS.

From football to Band to Marquettes to the Mock Trials, Juniors became the capable understudies of Seniors '89. They truly were stars in their own rights.Their true colors beamed through in shades as bright as those of any rainbow.

L to R: President Julie Linford, and Secretary Lynn Douglas serve the Junior Class as officers.

Left: Alicia Williams shows her winning Marquette smile.

Above: Junior Michelle Masden hurries to gather her books between classes.

FRESHMAN CLASS OFFICERS
Garret Jackson — President
Alisha Alderson — Vice President
Micheal Duran — Treasurer

The Freshman Class got off to a good start in high school by winning second place in the Homecoming float contest. They took the TEAMS test and actively participated in pep rallies. They were recognized as a spirited part of life at M.H.S. The class of '91 has earned a warm spot in the hearts of M.H.S. faculty members. They are the shades from down under.

Faculty Members Volley For Charity

On November 20, MHS faculty members played a charity volleyball game. The game, sponsored by the MHS Student Council, sought to raise money for needy McKinney families. Money for Thanksgiving dinners helped several McKinney families enjoy happy holiday meals.

The faculty volleyball game is an annual event.

Shades of Leadership

School Board Enjoys Various "Shades" of Success

The McKinney Independent School District's Board of Trustees works toward many goals with the hopes of improving education for the students of its district. Members have set several priorities for improvement. These include improved TEAMS scores, better SAT scores, better writing skills and a dedication to the advancement of MHS fine arts.

The Board has also set out to recognize outstanding students at monthly board meetings. Board members recognized groups with superior achievements and individuals with major accomplishments. They are seeking to further positive student self images whenever possible.

Wisdom Works with Spindrift

Pat Wisdom, a junior level English teacher at MHS, has been a teacher since 1972. She is the Engli department chairperson.

Wisdom attended high school in Duncanville where she was an active member of the National Hon Society. She was the president of the Art Club and participated in the trade team and UIL Rea Writing.

Studying art and education, she began her college career at Dallas Baptist University. She moved the University of Virginia to receive her Master of Education. Her greatest college memory was bei selected for an art award in 1967.

She enjoys teaching high school because the curriculum is more challenging. The one thing she does n enjoy is the tremendous amount of paperwork. She is pleased with the school except, she wishes there we bigger rooms and more windows.

Being married seventeen years, she has two children. Marguerite, a sophomore and Tommy, a junio both attend MHS.

She feels her biggest challenge over the years is publishing Spindrift, a literary publication publishe by MHS students. She said, "it's a lot of hard work, but worth it!"

Abel Zapata

Zapata active at MHS

MHS's, Abel Zapata does many things for this school. He is a teacher who is in charge of two organizations. He also enjoys traveling and cooking in his spare time.

Zapata teaches four French classes and one Spanish class. He will occasionally set up cultural days in which he brings foods from the country in which the students are studying. He has taught at McKinney High School for fourteen years.

Zapata is in charge of both the Student Council and the French Club. He aides in the organization of the Homecoming parade, dances and prom.

When Zapata is not working on school functions, he enjoys cooking. He also enjoys eating gourmet foods such as escargo, chocolate covered ants, grasshoppers, and many other gourmet foods.

Zapata's favorite place to travel is New Orleans. He enjoys New Orleans because of their great French, American, and Spanish cultures. He also enjoys the great food that New Orleans has.

Zapata continues to devote much time and effort to the activities of McKinney High School.

Burgert enjoys life, teaching

Anatomy and Physiology teacher Darlene Burger has taught at [illegible] inney High School for 15 years. She has a Bachelor's and a Master's degree in Science.

While attending high school in her native Wisconsin, she was active in athletics, writing club, and the Usher's Club.

After attending several colleges, she earned her bachelor's degree from the University of Wisconsin at Oshkosh. She earned her Master's Degree from the University of Oregon. She also went to Texas Women's University and East Texas State University.

Her greatest memory of college was when she was taking a skiing class and skiing down Bascom Hill. She says that she remembers her ski ending up in the street and she ended up down the hill.

Her favorite hobbies are traveling, camping, reading and raising dogs. She has traveled to Europe, where she toured England, Ireland, Scotland and Wales.

Her goal for this school is to teach students something about science that they can apply to their lives.

Cox teaches new styles

McKinney High School has gone through many changes. One change occurred when Wilma Pilkington, former cosmetology instructor, retired. A new eager, energetic young woman was hired to fill the empty position. Janet Cox, a first year teacher, was thrust into the MHS family.

Beginning her teaching career, she said, "I like teaching high school because it reminds me of when I was in high school, and it keeps me young." Although teaching is different than she expected, she enjoys the people at McKinney.

Born and reared in San Antonio, Texas, Cox attended Roosevelt High School. She actively participated in VICA, her church youth group and an anti-drug program. She still had time to maintain an honor roll average. She names cosmetology as her fondest high school memory.

Studying Vocational education, Cox attended North Texas State University. She is still a student at NTSU. She enjoyed college because she was able to meet new people and experience how college students lived differently.

"Teaching cosmetology is special because the people want to be there. They want to learn," says Cox.

Stephens Shares Musical Views

Paul Stephens, McKinney High School's Band Director, has taught in McKinney for five years. His career choice was influenced by his father, who was also a band director. He enjoyed band throughout school and looked up to his directors.

Born in Mineral Wells, Texas, on September 14, 1959, he was a trumpet player throughout high school and college. He attended Grand Prairie High School where he actively participated in band, where he was band council vice-president his junior year and president his senior year. Stephens also worked on the newspaper staff. He can only play the trumpet well, but says, "I can survive on several other instruments, as long as nobody listens too carefully."

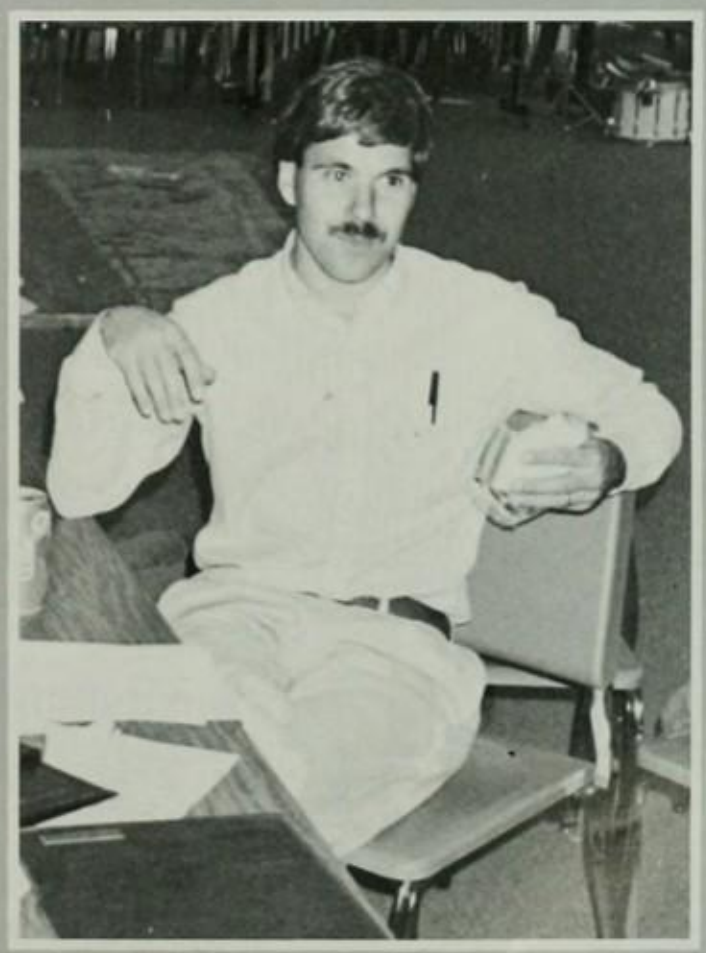
Stephens attended the University of Texas at Arlington for five years. He has been working on his master's degree and attends many clinics and workshops to improve his knowledge of music.

Stephens says he likes all kinds of music, but has difficulty listening to country and western and opera. He says, "I like anything that is done well. I prefer serious music and musicians who take their music seriously." His favorites are classical and rock though.

Stephens feels the students in the MHS band are the best students in the school, because they are dedicated, energetic and special. "They are what keep me going day in and day out. I'd rather be with them than with just about anybody else," Stephens said.

Stephens has been married to Jan Stephens, MISD teacher, for four years.

He would like to invite everyone to listen to as much music as possible and challenges them to give different varieties of music a chance. "Don't ever limit yourselves to any one kind of music," said Stephens.



Left: Stephens sometimes forgets his own rules. "No food or drinks are allowed in the band hall!"

Spraberry Pursues Music Career

Bart enjoys playing at pep rallies.

Bart Blair Spraberry is an all around fine arts extrovert. Spraberry actively participates in the Royal Pride Marching Ensemble, choir, harmony and drama. Through his hard work and endurance, he has become a familiar face at McKinney High School.

Spraberry was born in Eastland, Texas on October 19, 1969. His parents are Mr. and Mrs. Don and Kathleen Spraberry and his only sibling is fifteen year old Michael Spraberry. As a senior in the Class of 1988, Spraberry is 5'11", 155 pounds, and has blondish brown hair.

Theatre work and music are Spraberry's main interests. Spraberry performed in the plays and musicals throughout his high school career. During his junior year, Spraberry portrayed "Action" in the musical "West Side Story."

Outside of school organizations, Spraberry was a member of several bands. One of the latter bands, *The Answer*, became quite successful and performed extensive shows. The group played mostly progressive power metal. *The Answer* received mail from recording companies around the world and produced a demo tape. The band ended when several members moved from the area. For those that remember *Eldrich Rite*, there were a lot of questions as to what became of them. As the new group formed, people continued to ask, "What happened to *Eldrich Rite?*" The new groups answer was, "We are." And so the group was named *The Answer*.

Spraberry was an ambitious student. He was the Royal Pride Drum Line Captain his senior year. Sprayberry said, "I'm proud of the people in the drum line. We've progressed as a drum line and as individuals."

There have been a lot of memorable moments in Spraberry's high school career, but he chose to point out two specific moments. First, in 1986, Spraberry received a first division in the U.I.L. state vocal solo competition. Next, Spraberry remembers winning Outstanding Drum Line at the Plano East Marching Competition for the third year. Since this occurred in October of 1987, his graduating year, it was a nice way to end his high school marching career.

When asked if he felt that he played a significant role in the progress of the band and choir, he replied, "Band and choir helped me more than I could ever help them" because he really like Barbara Hanning and Paul Stephens. He does feel that he helped continue the winning tradition of the Royal Pride Drum Line. Although, if he could change the past, he feels he would have worked harder both in his academics and music training.

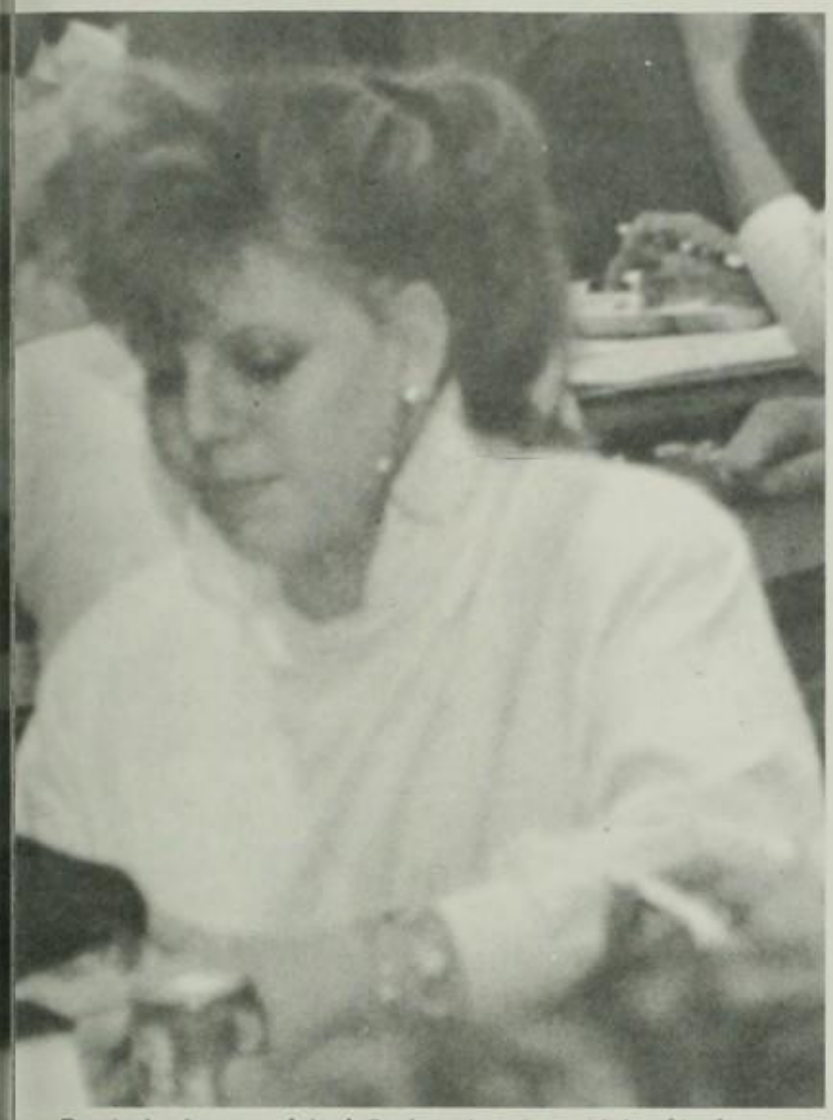
Spraberry is planning to attend the University of Texas in Austin or the University of Houston. He is pursuing a career in music and hopes to own his own recording studio and lab, record music or be a great choir director. His life's ambition is to compose one or more top ten hits.

Spraberry has had a successful and busy high school career and hopes to continue making great strides in his music career throughout life.

Bart, along with Glenna Mounger and the other members of the drum line performed at Richland College, where they placed 3rd among many drum lines.

Bart, Charlotte Lange, Curt Smith and Glenna Mounger warm-up for the Homecoming performance.

Presley Shows Outstanding Initiative



Despite her heavy work load, Presley enjoys time with her friends.

Allied Youth is an organization of students against drinking and driving and drug abuse. Many students belong to this international organization spanning North America. Kijsa Presley, a senior at McKinney High School, was on the international board and was South-west Allied Youth (SWAY) president in 1987.

Presley was born in Missolu, Montana on July 22, 1970. Presley and her family have lived in McKinney for four years. She has one sister, Kari Anne; 19, who attends Baylor University; one attending MHS, Whitney; 15; a brother attending junior high, Mark Jr.; 12 and a brother attending elementary school, Stephen; 9. Presley's mother, Anne Presley, is a substitute teacher and her father, Mark Presley, is a geologist.

Presley is involved in many activities in and out of school. She has been a Student Council representative for four years, a National Honor Society member for two years, an Allied Youth member for four years, an Art Club member for three years, a German Club member, and has played on the school golf and volleyball team. She has been president of the Art Club, both treasurer and president of Allied Youth.

After graduation, Presley plans to attend Duke and/or Baylor Universities, because of their fine arts programs. Presley plans to major in the history of art. After college, she wishes to pursue a career in the art field.

Bryant Skilled Cheerleader

Cheerleading is this 4'10½", sixteen year old, McKinney born, girl's life. Amanda Bryant started cheerleading for the adventure and growth. She was encouraged to become a cheerleader by her mother and sister, who were also cheerleaders.

Bryant's favorite subjects in school are English, public speaking and cheerleading. After graduation, she plans to attend Texas Tech University, where she plans to try out for the cheerleading squad. Bryant's most memorable moment was when the 1987-88 varsity squad won regional competition and qualified to compete in the national competition.

Outside of school, Bryant enjoys water skiing, cheerleading and gymnastics. She likes to go out with her friends, especially out to eat, to a movie or to a party. She says she has not had much time to go out lately due to cheerleading practice and work.

This summer, Bryant plans to take a college math course at Collin County Community College, continue to work at Flowers by Patty, and take gymnastics to help her prepare for college cheerleading.

Bryant has experienced several injuries while cheerleading. For example, she has had a broken arm and ankle, plus plenty of pulled muscles. Despite this she says she has never really thought of quiting.

Bryant leads student body in a cheer at the Homecoming Pep Rally.

Newby Works for Career in Music

Have you ever wondered what it would be like to be in a band and play your favorite songs for all of your friends? Or maybe you have thought about being the lead guitarist for a local club band. Maybe this is a dream of your's. If so, then maybe you should meet Mike Newby.

Newby is currently a senior at McKinney High School. Yet, there is more to Newby than just being your everyday high school student. You see, Newby is a talented guitarist. Of course, it should come as no surprise for two reasons. One, is that he has been playing for about ten years. The second is because his father plays and some of the tricks have worn off on him. As of right now, Newby does not work. He spends most of his time working on his favorite hobby, which is, of course, playing and improving his guitar skills. When asked what his plans for the future are, he will tell you that he plans to further his education and eventually become a professional musician.

It seems that he has a good start on becoming a professional musician since he has already played in five bands. The band that has seemed to receive the most attention is *Domain*. Newby and his drummer, Mary Edlin, formed *Domain* around the end of 1986 and early 1987 and it has had growing success ever since.

Now maybe you are asking yourself, "What does he do when he's not playing guitar?" According to Newby he enjoys listening to his favorite band, *Metallica*. Newby also enjoys watching "Faces of Death." Newby also enjoys art, which is his favorite school subject.

So maybe the future is going to be bright for this seventeen year old guitarist as he continues to progress in his search for a career in music.

Imperial Boogie Masters Entertain Fans

You may have seen three guys walking around school in red and white striped Cok sweatshirts. Or maybe you have heard these same guys "doing their stuff." Or you migh have seen these guys at a pep rally, a dance, or at a Dallas teen club. These guys are the u and coming rappers of the new rock age — The Imperial Boogie Masters.

The Imperial Boogie Masters is a group consisting of Larry Young, Daniel Boyd an Brodrick Johnson. They have been rapping together for three years. Young has bee rapping since he was seven, Boyd since he was nine, and Johnson since he was nine.

They have performed in teen clubs all over the Dallas area. They have also performe in Oak Cliff, Richardson, Garland, Plano, McKinney, Frisco, and Farmersville. The have also held shows on the McKinney Square, won several talent shows, performed a the McKinney High School dances, and at several pep rallies, including Homecoming They have been featured on radio stations such as 90.9 F.M.

They said that most of their friends are not jealous of them, but they believe that ther are some positive and some negative people in every crowd. Their parents are all for th career that they have chosen to seek and wish them luck and success in what ever the try.

Young, Boyd and Johnson practice at least ten hours a week, practicing two hour every day after school. "Two hours of using your mouth constantly can be tirin sometimes, but we stick to it," said Young. And they must "stick to it." Your body, no only your mouth, must be in good physical shape in order to rap. Every week they creat a new set of dance steps to go along with their raps.

All of this practice has paid off, because in October, they were asked to make recording at a local recording studio. This was a big step up from just being "small tim operators." They were very excited about the change of pace and they felt that the deserved it.

The road has not always been paved with success and fortune. "There are a lot of le downs but you have to keep going," said Young. "There's a lot more than meets the eye It takes a lot of hard work and it's a long struggle, but you know, that one day, you' make it to the top."

Behind the stage at their performances, they feel a rush of anticipation and excitement "Once we get out on the stage, we get used to it, and don't even realize the audience is ou there. You just get out there and have some fun," said Boyd. They plan to kee performing locally until they make a record. Once the record breaks they have hopes o concerts, a world tour, videos, and then possibly movies. In other words, a long recordin career is ahead of them.

The Imperial Boogie Masters could have a future in the music game. To further th career they already have, they must perform with readiness, concentration, and a littl bit of luck. As Boyd said, "Bless the mic for the gods."

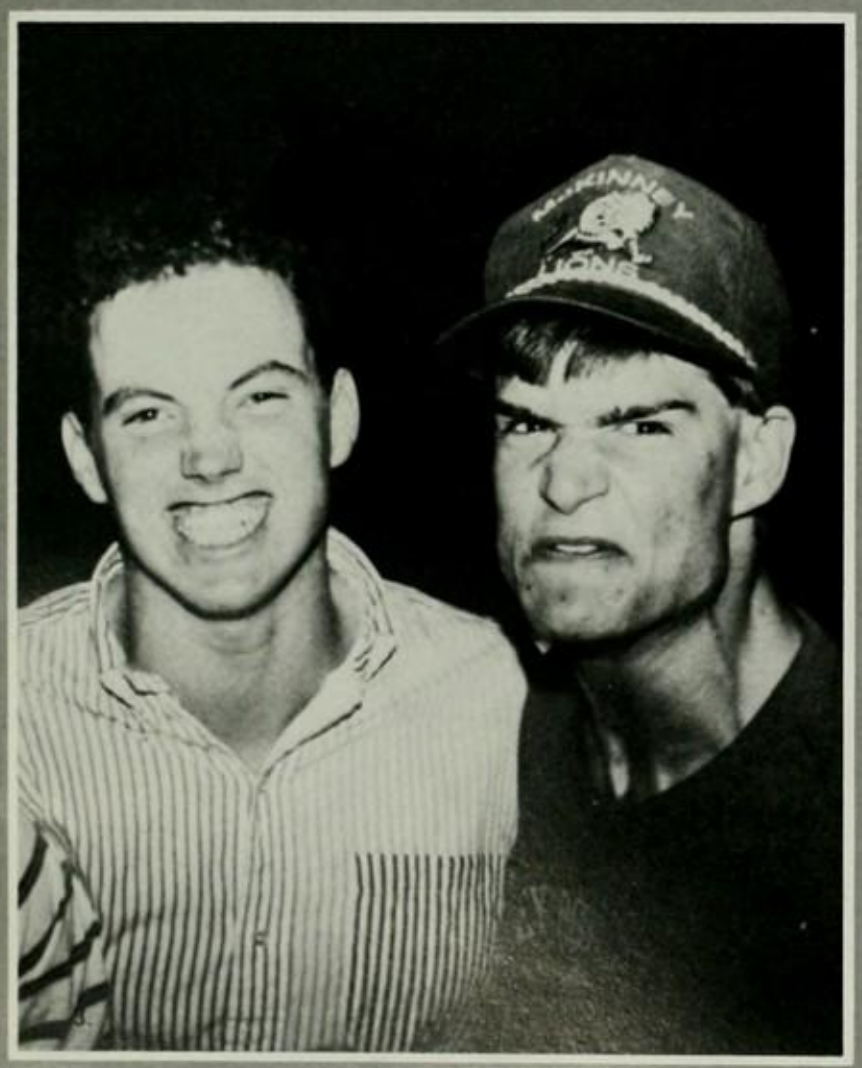
Homecoming Festivities Fun For All



The 1987-88 Homecoming festivities proved to be fun for all. October 29th was the evening of the pep rally and bonfire. The bonfire was held at Fuller's Hardware. The weather was nice and many students and community members attended to support the school.

The excitement was high the next day. Throughout the school day, the sound of bells reminded everyone of the activities to come. At 2:30, school dismissed to prepare for the parade. There were over 100 entries in the city-wide parade.

Later that evening, the Lions hosted the Paris Wildcats. Although the score ended 16-28, the dance afterwards left lasting memories for all.

1. Senior Karl Schindler directs the band during the bonfire.

2. Amanda Bryant and Holli Holverson, Juniors, have a little fun by the fire.

3. Tommy Winburn, Ross Crum, and Shane Mattlock show their Halloween faces.

4. Senior Jessica Roberts smiles as the crowd becomes livelier.

Students enjoy extended holidays

Ice storm cancels school across state

Students enjoy extended holidays — ice storm cancels school across state.

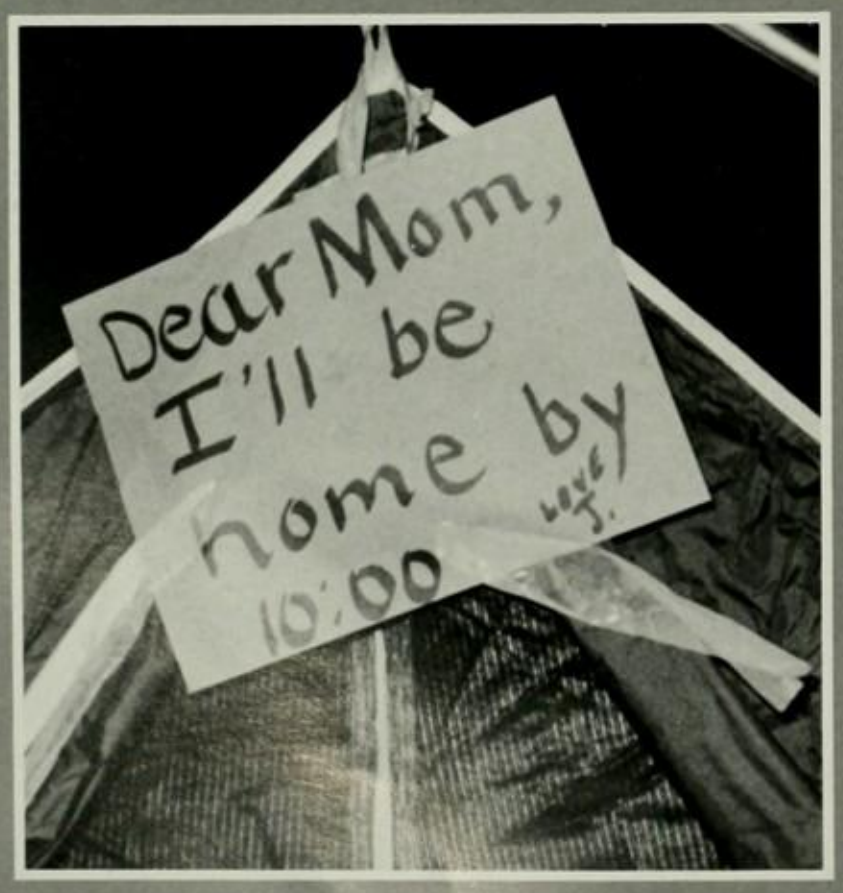
Christmas holidays had an unusual twist this year. Instead of the traditional two week holiday, the break was extended nearly a week. Of course this extension wasn't planned but due to the situation at hand, there was no alternative. The problems, a two to three inch layer of ice across most of Northern Texas, was extremely out of the ordinary for Texas students.

The ice storm was forecasted a week earlier but the front remained stationary over the northern part of the country, delaying the heavy freeze. When the storm did hit, it began as only sleet mixed with cold temperatures. By that evening Wednesday, January 6, 1988, the temperature had dropped considerably while the sleet continued to build on the ground. School across the state announced their closings for Thursday that evening. The below freezing temperatures continued through the weekend.

By Monday morning the ice was partially melted. School resumed all but all absences and tardies were excused. By Tuesday school was back into full spring. Although the "holiday" was short, it was considered to be a pleasant addition by most.

Joshua sets-up tent

November attendance booster proves successful



Before settling down for the night, "J." traveled home to pick-up a few modern conveniences.

During the month of October, Texas held state attendance month. To promote good attendance at MHS, the principals held a contest between the classes. Each class being represented by a principal. The junior class showed outstanding attendance. As a result of their good work, their representative, Mr. Joshua slept outside in a tent in front of the high school to show his support of state attendance month.

District Realignment Moves McKinney to District 9-A

Every two years the U.I.L. realign[s] [teams] across the state according to the student [pop]ulation each day.

This year there were major changes occurring in District 5-AAAA. Beginning this fall, McKinney will be listed under District 9-AAAA with Allen, Highland Park, which dropped from 5-A ranking, Rockwall, Dennison, and the Colony. Coach Ron Poe feels the Lions will face some of the toughest in the state.

The realignment of District 5-AAAA was made in order to eliminate the east and west zones. Due to the elimination of zones, the district champion will be named on the tenth game of the season instead of the eleventh as in the past.

"I would say it will be the toughest (4A district) in the state," Poe said.

"And Justice For All . . ."

Mock Trial Places in District

STUDENTS GAIN LAW EXPERIENCE IN MOCK TRIAL COMPETITIONS

The Mock Trial Club was designed to give students an inside look at law. It also gives them an understanding of legal issu and the judicial process. Jennifer Raulston reported in the December issue of Mane Events that "although the mock tria sound like a lot of hard work, there is also fun involved."

Jim Pritchard, club sponsor, led the group in competition held in McKinney at the Collin County Courthouse in Februar Each School is given the same case study and was required to prepare a presentation to the plaintiff or defendant. Scholarshi were awarded to members of the winning team, regardless of age, to be set aside and used at the college of their choice.

Mock Trial participants from MHS included: Michelle Carrasco, Ann Galban, Juanita Ramirez, April Smith, Daniel Stewar Jennifer Stewart, Camille Swift, Christina Villanueva, and Billy Vita. The team was coached by Mr. Pritchard, chairman of th Social Studies Department at MHS, and Mr. Joe Luce, advising attorney.

The 1987-88 Mock Trial Team had an exciting year. It was the first year M.H.S. has had a mock trial team. Teams across th state of Texas are given the same case to prepare. Each team must have two student lawyers and at least two witnesses. Th lawyers this year were: senior — Jennifer Stewart and freshman — Michelle Carrasco. The witnesses were: senior — Billy Vi and freshman — Daniel Stewart. Christina Villenauva was alternate and had to prepare for lawyer and witness. The team ha to prepare for both plaintiff and defendant. Each team found out five minutes before the competition, which side they mu argue. The M.H.S. team advanced to the quarter-finals before getting knocked out of the competition. The M.H.S. tea competed against AAAAA teams. The sponsor for the mock trial team was Jim Pritchard and the attorney-advisor as Joe Luc

Students extend helping hand to Belinda Bruster

Belinda Bruster is the six year old daughter of Barry and Benita Bruster. Belinda is fighting a life threatening disease against severe Aplastic anemia caused by genetic Fanconis Syndrome. This disease is constantly deteriorating her bone marrow which is reducing the production of blood in her body. There is only one treatment known for this disease. A bone marrow transplant from her 6 month old baby brotner must take place. This transplant will cost in excess of $150,000. Without this transplant, mortality is almost guaranteed.

The people of McKinney and other area communities have come together to help save the life of this precious little girl in various different ways. There have been many benefits held for Belinda in our community. These benefits consists of bake sales, tin can collections, seim-a-thons, walk-a-thon, a benefit concert, and many other projects.

Students, teachers, lawyers, local businesses and many other people have donated much of their money and time to this worthy cause. Our community has really pulled together for this charming little girl and should be proud of its actions.

The Bruster family has expressed tremendous gratitude to the community. In the words of Barry Bruster, "All we can do is trust Belinda to the Lord."

Student Council Helps Needy

The Student Council is one of the largest organizations in McKinney High School. It has over seventy members and it represents the student leadership of MHS. It consists of the five Student Council officers, the organization and class officers, and the sponsor, Mr. Zapata.

Throughout the year, the Student Council was involved in projects to help the needy. They have had several fund raisers for this purpose and successfully raised hundreds of dollars. They donated some of the money to charities and some to buy toys for needy children at Christmas. One fund raiser was a faculty volleyball game in which students purchased tickets for a quarter or donated a can of food.

The Student Council officers and the class presidents also attended several conferences. These conferences test the students' abilities and leadership qualities and show them how to run a more efficient organization.

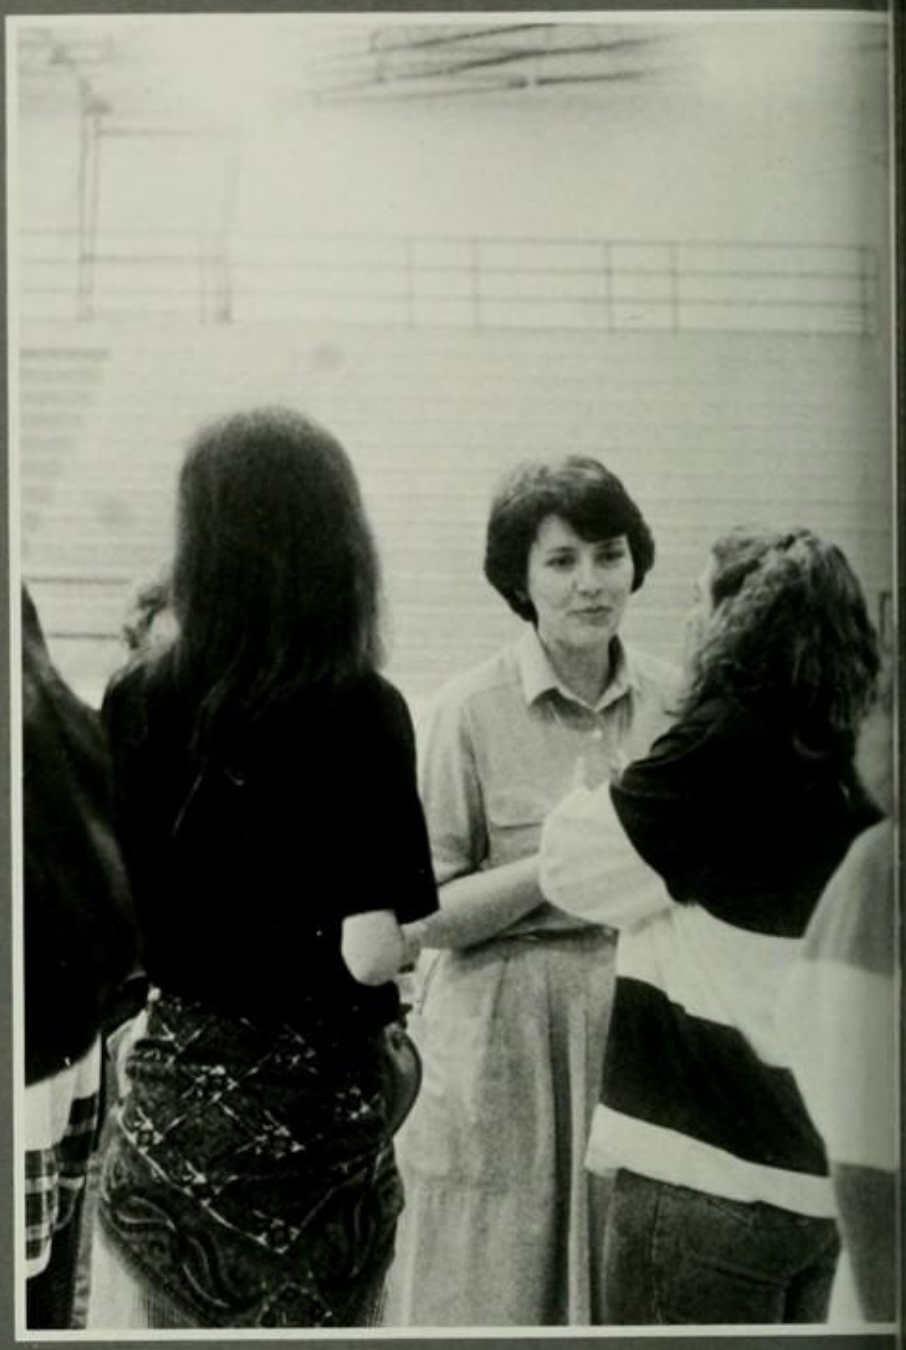
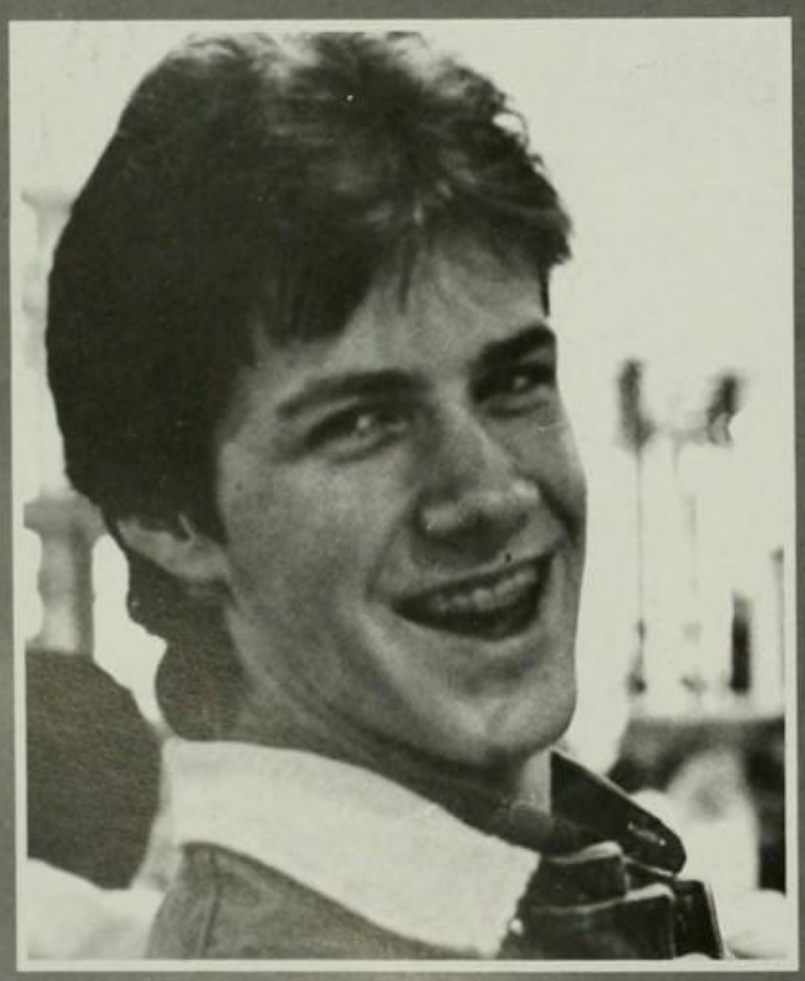
Students Study Hispanic Culture

The Spanish Club at MHS is sponsored by Gail Pack and Sharon Harris. The purpose of the club is to provide cultural and social opportunities that enhance and expand on classroom activities and to enable students to improve their understanding of Hispanic customs. Members participate in community festivals on "el 16 de septiembre" and "el 5 de mayo," as well as MHS homecoming. The MHS Spanish Club is the local chapter of the Pan American Student Forum. MHS students who enter one of the fine PASF contests during convention in March often bring home medals. Scholarships are awarded through PASF for college and summer studies.





Latin Club explores Latin foods

The Latin Club has had some great activities. These activities we sponsored by adviser Joy Wood. The Latin club has gone to Fugaro's Plano, and Pizza Inn in McKinney. There have also been several cultur days. These days include both Latin food and films.

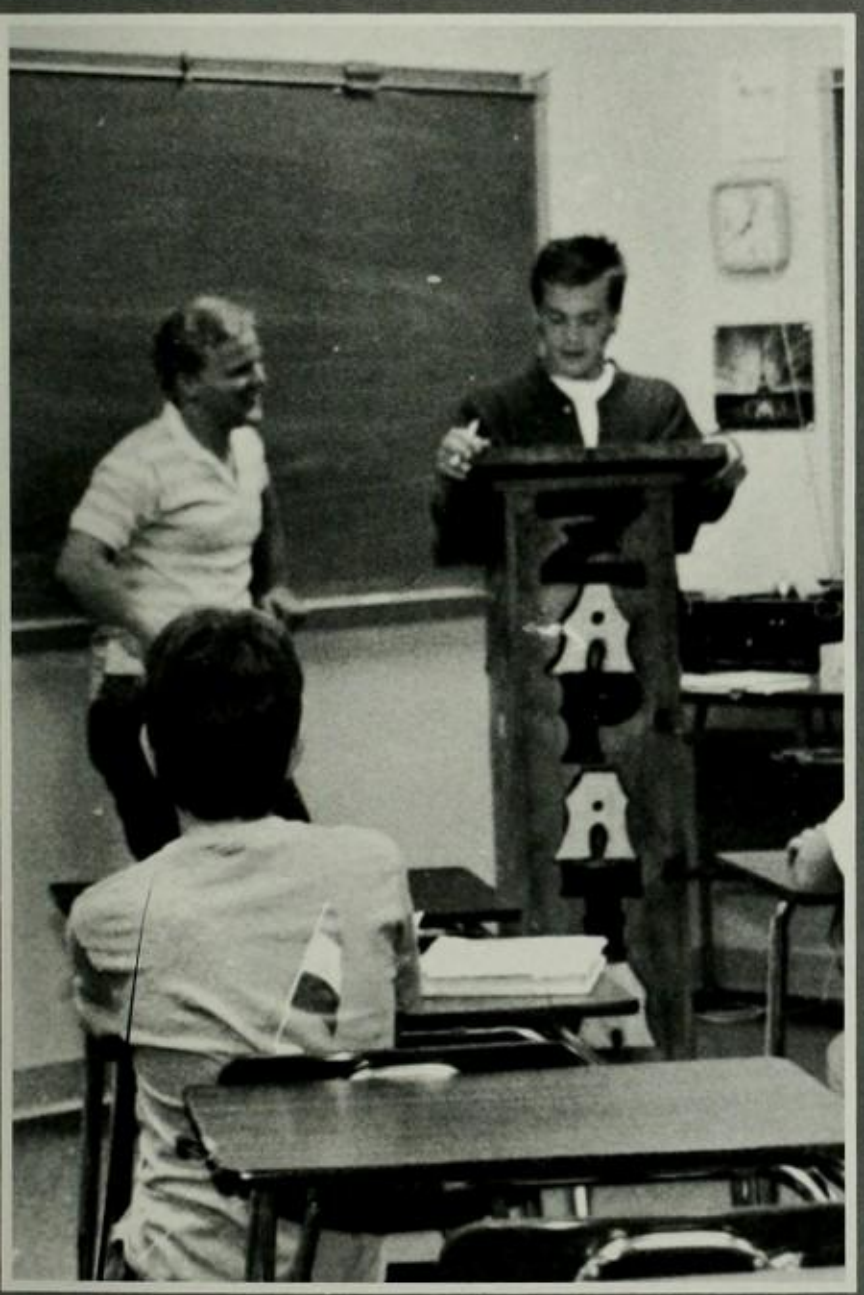
German Club attends "Wurstfest"

The MHS German Club is a group which is best described by its name: The Friends of the German Language. The German Club participated in a variety of activities. Once a month, they attend a film night at Austin College with their club and watched such films as "Out of Africa" in German and many other German movies. When they got together in town, they watched "Monty Python" and other movies.

Each fall they travel to New Braunfels for "Wurstfest." They also meet with other German Clubs and eat dinner at a Dallas German restaurant, the "Rheingauer Rhömer."

Each spring they attend two competitions. First, there is Februar-Fest at W. T. White High School (which is serious). Then there is Austin College Foreign Language Weekend, where over 1500 students from three states get together to compete and socialize. "All in all, we have lots of fun!" — Mike Bruck.



French Club sees "Tres Hommes et a Coffen"

The French club at M.H.S. is sponsored by advisor Able D. Zapata. The club makes a cultural trip each year. At their Christmas party, the club watched a French film "Tres Hommes et a Coffen" the french equivalent to "Three men and a Baby."

ART CLUB: A "SHADE" OF COLOR AT MHS

The Art Club is composed of students currently enrolled in or interested in art. The members participate in art-related activities: such as, field trips to art museums and service projects in which some artistic ability is required. In 1987-88 there were 75 members in the McKinney High School Art Club.

MHS Science Club considered itself to be one of the best of all departmental clubs available for student membership. While past club activities included educational tours of college campuses, this year's club chose more entertaining, yet informative field trips.

In November, 1987, the Club visited the Omni Theatre in Fort Worth and viewed the "breath-taking" movie "Grand Canyon." Members also toured the FW Museum of Natural Science and History. In January, 1988, members attended the Laser Light Show at Richland Community College. In the spring months, club participants visited the Robot Dinosaur Exhibit at Science Place II, toured the Aquarium, and the Museum of Natural History at Science Place I — all at the Fair Park in Dallas. To close out the year, members held an enjoyable party with festive activities.

The MHS Science Club 1987-88 had about 60 members. Mrs. McCuistion and Mrs. Arno were the sponsors, with Ashley Farley serving as president, Annie Bruce as vice-president, and Scott Rhodes as secretary.

National Honor Society visits Mary Rose

The McKinney High School Chapter of the National Honor Society is an extension of the original charter established through Boyd High School in August of 1952. The National Honor Society ranks as one of the oldest and most prestigious national organizations for high school students.

The McKinney chapter is a service organization with the intent of bettering both our school and our community. This year's service project involved peer tutoring assistance for high school students who are either failing a subject or wish help. Peer tutoring gives the honor student a chance to share his knowledge with his fellow students, and thus gives the teacher a better opportunity to work individually with failing students.

The Honor Society attended two enrichment field trips this year. The first trip, on December 8, to The Science Place in Fair Park to see "In Search of the Mary Rose: Henry VII's Lost Warship" exhibited and to view other museum exhibits in the Fair Park area. In April, a field trip was planned to the Fort Worth museums and the Omni Theater. In order to pay for these field trip, presentation pins, and graduation pendants, National Honor Society members conduct a fund raiser during the week of homecoming, October 25-31. Public support of these most honorable young people was greatly appreciated.

On October 10, 1987, the MHS Band competed in the U.I.L. District Marching contest held at Mesquite Memorial Stadium. The band received a rating of "Excellent" from all judges. The band performed original arrangements of the 1970's rock group Kansas' "Point of Return," and "Ozark," a drum solo performed in 1985 by the Cavaliers drum and bugle corps. The performance concluded with "Live and Let Die" from the James Bond movie of the same name. The judges were very complimentary of the balance and quality of the McKinney band's sound and cited only a few individual marching errors as areas for improvement. The band, known as "Royal Pride," is under the direction of Paul Stephens, assisted by Don Pierce and David Carter.

Royal Pride Receives Rating

Drum Corps Has Successful Year

On Saturday, October 3, 1987, the Royal Pride Drum Line won its third consecutive "Outstanding Drum Line" award at the P.E.S.H. Invitational Marching Competition, setting a precedent that may be titled a "tradition." The drum line, a unit of the Royal Pride Marching Ensemble, is under the direction of Paul Stephens.

In the fall of 1985, when the drum line, under Captain Ronny Harris, first won the trophy, they had little idea as to the affect it would have on the future efforts put forth by members of the line. In 1986, under Captain Tim Gerron, the drum line immediately took the attitude needed for a second victory. Needless to say, the hard work paid off and the title remained in McKinney. Also in the fall of 1986, the Royal Pride Drum Line competed at the North Texas Drum Line Competition. Although they did not place in the top three or win any individual awards, their outcome was personally pleasing.

Since September of 1987, the practice hours of the Royal Pride Drum Line doubled those of the previous two seasons. Working under Captain Bart Spraberry and Assistant Captain Curt Smith, the drum line won the P.E.S.H. competition once more. As this particular contest has become more popular, the competition has grown tighter. This year the drum line competed against some of the area's top 4AAAA lines such as Denison, Rockwall, and The Colony. Nevertheless, the Royal Pride Drum Line has become more complex, more technical, and, above all, more musical.

The majority of the material which the line performs is original. The directors and students account the wide variety of musical possibilities and select tunes to perform. The arrangements are then written by Drum Major Karl Schindler and director Paul Stephens. This process assures the line of having unique style and repertoire.

Through the course of the past few years the drum line has grown in size and dedication. This year the line boasts eighteen members, the largest in McKinney's history. Among these students are three seniors, four juniors, five sophomores, and six freshmen. All have worked equally hard, and all should be given equal credit for the success so far this year.

On November 21, 1987, the Royal Pride Drum Line competed at the North Texas Drum Line Competition. In this competition, they received third place honors. After this, they provided entertainment at many of the boys' and girls' basketball games. This indoor show contained part of the line's competition drill.

Schindler Shows Range of Talents

Drum major three out of four years, lead actor in the school plays, first division choir soloist, and a National Honor society member, too — what else could one guy ask for? Senior Karl Schindler has all this and more.

Karl Wayne Schindler was born in Dallas, Texas on December 2, 1969. He is the son of Barbara Swing and Wayne Schindler. His siblings are Krissy, 22; Kurt, 21; Cari, 12; and Eric, 11. Schindler is 5 ' 10", 150 pounds, light brown hair, and "aqua" eyes.

Schindler is very active in the fine arts. His hobbies are writing and arranging music, recording, working with synthesizers, designing and painting.

Schindler has been very successful throughout his high school career. Being assistant drum major his sophomore year, Schindler progressed to head drum major his junior and senior years. Schindler was awarded Grand Champions and Outstanding Home Routine at summer band camp. Former MHS graduate, Maria Ponse and Schindler were awarded Outstanding Drum Majors his freshman year. Schindler made all region choir every year since seventh grade and received a first division at state U.I.L. vocal competition in 1987. Also in 1987, Schindler participated in the percussion ensemble which also received a first division at state. In January of 1988, Schindler competed for a position in the all state choir. Schindler has also received Who's Who Among American High School Students.

Schindler is actively involved in the award winning harmony singers, band, choir, drama, and German club. Schindler is also a member of the National Honor Society where he holds the position of secretary.

Schindler's most memorable moment of high school was the 1987 Terrell football game because of the crowd and the choir receiving sweepstakes the same year.

Schindler feels he is in control of his life and he knows where he is going. Band and choir changed his desire to "design roller coasters" for a living. Now he feels music is a strong point. He wants to help the McKinney band grow and later to become a composer of music. The opportunity to design the concept of "Royal Pride" with Paul Stephens was a memorable experience for Schindler.

Schindler plans to attend college at North Texas State University, where he plans to major in music composition. His career plans are to be a sound engineer and composer.

Schindler describes himself as trustworthy, reasonably sure of himself and "spastically calm." He says he is caring and doesn't mean to make people feel bad. Schindler feels that the most important thing is to be happy and there is no need for material things if you have friends.

The McKinney marquettes have evolved from a drill team in the 1960's to a dance team in the 1980's. The Marquettes began their year in the summer. Practicing long hours prepared the dance team for camp. During camp, they participated in five days of learning jazz dance routines. The final day of camp was for team evaluation. Of approximately 46 teams attending camp, the Marquettes were one of six to earn the title of "Grand Champion."

The beginning of the school year was the most strenuous for the squad. The Marquettes performed at each football game, and enjoyed participating in the half-time activities. After football season, the team practiced for a long time for their Spring Show. Appealing dance forms, such as tap, jazz, ballet, folk and modern styles were included in their routines. Also performing in the show were the Harmony Singers and the MHS Stage Band.

The Marquettes ended their year with a grand banquet. New Marquettes were inducted into the team, and others were honored with various awards. The awards were a reminder to the team members of the important aspects of being a Marquette, and the unique experiences each person shared. Lasting friendships were formed. The qualities of discipline and responsibility were instilled in all members by their willingness to work hard, practice, learn, improve their abilities, and have fun. Ms. Susan Harris was the sponsor of the 1987-88 MHS Marquettes.

JESSICA ROBERTS: "SHADES" OF LEADERSHIP

You probably saw the Marquettes, MHS's dancing drill team, perform at numerous pep rallies, football games, Octoberfest and various school-sponsored functions, representing MHS in this manner required diligent preparation and commitment for the squad. In the 1987-88 school year, Jessica Roberts served as Captain of the MHS Marquettes.

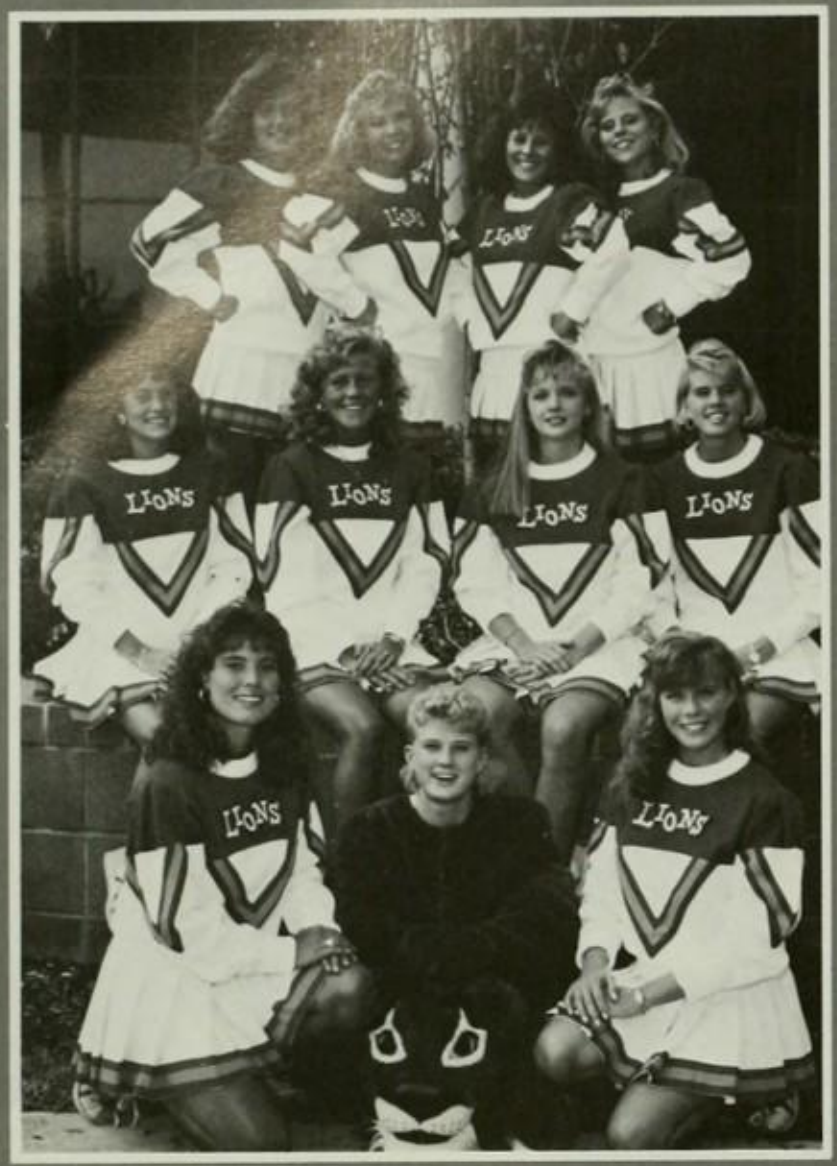
Senior Jessica Roberts has been in the Marquettes for three-fourths of her high school years. As a sophomore, she was a line officer, advancing to Lieutenant in her junior year. In her senior year, she was awarded the coveted position of Marquette Captain; a position she had been working to attain for her entire high school life.

Jessica's Marquette "career" was filled with exemplary leadership skills and success. She was awarded "Marquette of the Week" numerous times. At the Kilgore drill camp in her sophomore year she also received several awards. It was at the drill camp at North Texas State University in her junior year that she won "Outstanding Home Routine," "Outstanding High Kick Routine" and a rating of "excellent" along with her officers. In her senior year, these same awards were given at the NTSU camp, in addition to the "Grand Champion for High Kick Routine" prize. This routine was judged the best of seventy-five drill teams participating. Jessica performed in the Blue Bonnet Bowl in her junior and senior years, as well as having the opportunity to travel to Australia in 1988.

Other activities in which Jessica was involved during her high school years included the French Club, Allied Youth, and the musical "Oklahoma!" She also participated in activities with the youth group of her church, First Methodist. She took dance for twelve years and enjoyed it very much.

Jessica has two sisters, Jennifer and Joli, and one brother, Jeff. Jessica hopes to attend college after graduation. Although she hasn't decided on a major, she said she hopes her Marquette and dance career has helped her prepare for the future.

Varsity Cheerleaders Qualify For Nationals



Junior Amanda Bryant prepares for a daring cheer.

The Varsity Cheerleaders end a competition cheer for the Lions.

Being a Varsity Cheerleader in McKinney is truly an honor. The cheerleaders in McKinney stem from a long line of award winners, and living up to their accomplishments is a full time job. The cheerleaders of the 1987-88 squad have succeeded in living up to the tradition of MHS cheerleaders. They won a regional competition and competed at the national level in cheerleading expertise. Their physical abilities complement each other perfectly and that, along with their compatibility and love for cheerleading, make for an exciting and vivacious cheerleading squad.

Freshman cheerleaders earn praise

Two bits! Four bits! Six bits! A dollar! This is one of the many things you might have heard Holly Holland yell this year. Freshman cheerleader Holly Holland has been leading crowds on with cheers of victory, not only in high school, but also in the junior high for two years and in the Tiger League for four years. Born in McKinney on the second of August, 1973 to Barbara and Dickie Holland, Holly has been successful both in her cheerleading and her studies. Holly's hobbies include cheerleading, dancing, swimming, and talking on the phone. When asked how she feels about cheerleading, Holly replied, "Cheerleading has been one of the most exciting parts of my life. It gives one a chance to support our teams and school. It's a wonderful way to meet new people and make new friends. It's a lot of hard work, but the fun outweighs everything else." What are Holly's plans for the future? "I plan to go to college, but I haven't decided which one yet." Wherever she winds up going, Holly will probably continue to hold on to the true school spirit she so proudly holds now.

The freshman cheerleaders had to make an adjustment for the 1987-88 year. They went from having eight members on their squad for two years in junior high, to having only six squad members as a freshman squad. They made the adjustment with ease, and have turned into one of the best freshman squads ever!

Vocational Opportunities Clubs of Texas (VOCT) is the student leadership organization for students in the CVAE Co-op program. CVAE Co-op students attend school part-time and work part-time, getting high school credit for their work experience.

VOCT offers opportunities for developing leadership abilities and participating in school and community service activities.

VOCT officers were installed in a candle-lighting ceremony in October. Members presented a program for parents and other guests, and served refreshments. VOCT officers for the first semester were Albert Blanco, president; Vickie Marrufo, vice president; Donna Duron, secretary; Mable Phillips, treasurer; Beckie Rogers, parliamentarian; Jesse Trevino, reporter, and Rafael Cedillo, sergeant at arms. Student advisors were Corey Clark and Darla Denison. The officers represented VOCT in the MHS Homecoming Parade.

In December, VOCT members donated Christmas stockings they handmade and filled for children at North Texas Medical Center and the Samaritan Inn.

Members competed in VOCT Area Contest in April at Paris, TX and VOCT State Contest in Abilene in May.

Another project was sponsoring the annual Employer Appreciation Banquet along with the other Co-op programs, in April. Each employer was presented with a certificate of appreciation.

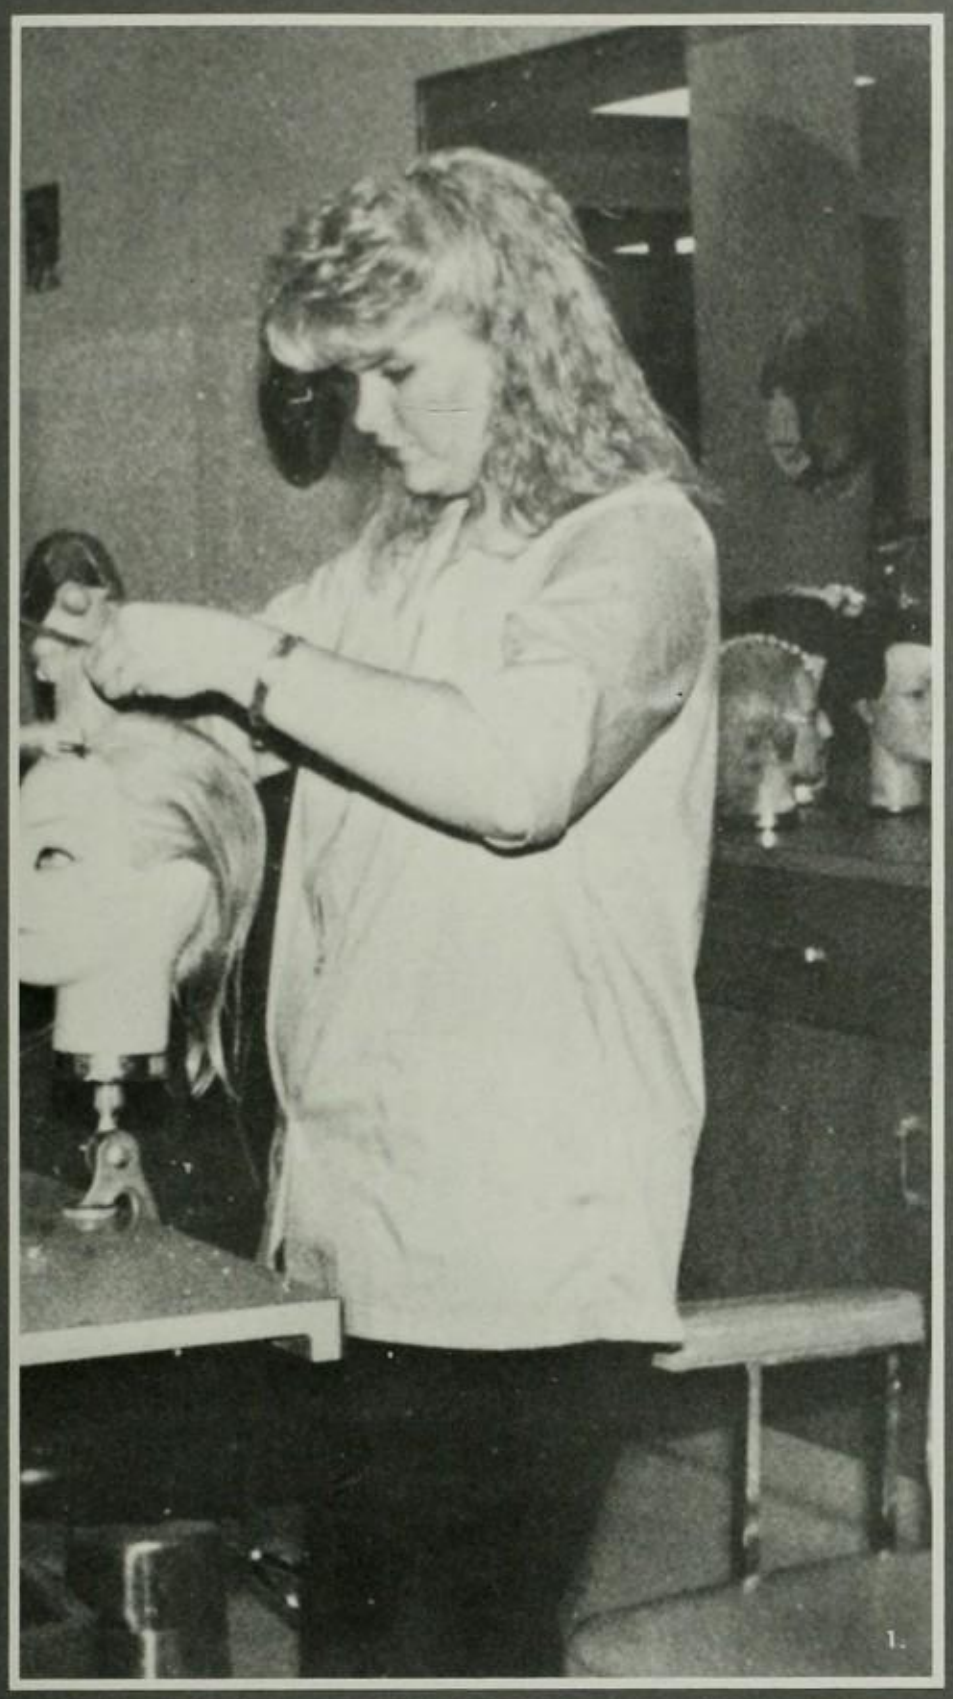
Cosmetology is an organization that educates young people for a trade in life. The students who enroll for these classes work hard to learn the skills of cosmetology.

The first year cosmetology students are taught the basic skills and receive some hands-on-experience. The second year, the students have one or two days a month for after school appointments. This prepares them for their state board exams.

The cosmetology students learn in a unique classroom environment. Fully equipped salon facilities allow students to prepare wigs for State Copetition when they do not have customers during classtime. One of the most striking factors about cosmetology courses is that the students truly want to learn and are dedicated.

A Cut Above The Rest



1.

Lee enjoys cosmetology

Shannon Lee, a sixteen year old junior, is the daughter of Jimmie and Peggy Lee. Her father is an assistant principal at the high school, and her mother is a first grade teacher at Burks Elementary school. Lee has three brothers and one sister. Her brothers are Brian, Eric and Kevin, and her sister is Karen.

In school, Lee is involved in cosmetology. She says that what she likes about cosmetology is, "You don't necessarily have to go to college and it's fun." What most interested Lee about cosmetology was "just being able to style and work with hair and nails." According to Lee, the worst thing about cosmetology is that is lasts three hours.

After high school, Lee wants to attend either Texas Tech or O.U., and wants to major in business.

FBC Youth go to Hawaii for

On July 7th, 1987, a group of fifty-six youth and fourteen sponsors from First Baptist Church of McKinney left for Molokai, Hawaii for a mission trip and choir tour. The group left for DFW airport at 6:15 Tuesday morning and arrived back on Thursday, July 16th. They spent most of their nine days on the island of Molokai, holding Backyard Bible Clubs, Bible School, and working on the minister's house.

The Backyard Bible Clubs were located in remote areas away from town. In these clubs, some of the youth were involved in activities such as singing, Bible study, crafts, and recreation with children from toddlers to sixth graders. At the church, more youth were holding a Vacation Bible School. While many of the youth were working hard with the children, others were scraping and painting the preacher's house. Some also worked in a small store run by members of the church.

The group also put on a musical called "The Witness" at a park in Kaunakakai. Everyone participated. There were several lead parts and a chorus. The choir put on a mini-concert at the church.

Many hours were spent in preparing for the trip. The youth had a lock-in for small workshop classes on crafts, recreations, memory verses and Bible study. Much time was spent preparing the musical, "The Witness." The group rehearsed for their home church six times before leaving on the mission trip. While in Kaunakakai, the group worked, but also had relaxing times such as a hike to the waterfalls in the mountains. A luau was given by the church. Some of the youth enjoyed picking pineapples, coconuts, and mangos. After their work in Molokai, the group enjoyed a well-deserved stay on the island of Oahu, where they again performed "The Witness" for a small church. They stayed in Honolulu for two days. On the first day they toured for about nine hours, and on the second day they relaxed before heading back to the mainland and home to McKinney.

Allen — Versatile Player

Matthew Allen, a varsity football player at MHS, has set high goals for his future. Allen is a junior at McKinney High School and has lived in McKinney all of his life.

"Playing football for the Lions feels excellent!" says Allen. Allen's most memorable moment was being moved from the junior varsity to the varsity football team as a sophomore. This was an honor because Allen was given the opportunity to play, not only watch from the sidelines.

Allen plans to major in mechanical engineering after high school. His first college choice is The University of Oklahoma. Allen hopes to play professional football for the Dallas Cowboys. Yet, he wants the degree to fall back on if he ever needs to.

Allen's only job is "playing football" Allen says. His life seems to be headed the way he wants it to. With some work and determination, Allen can reach his goals.

Winburn: Outstanding Player

Tommy Winburn is a six foot five inch, brown haired, brown eyed right end for the MHS Lions.

Winburn, who is eighteen, has lived in McKinney all of his life. Winburn is probably best known for accomplishing the feat of being a varsity player all four years of his high school career. "Being chosen by the coaching staff to be a varsity was an honor," said Winburn. Through the years the coaching staff has been an encouraging factor in Winburn's life.

As an enthusiastic player, Winburn feels the sport has taught him sportsmanship and self-discipline. One of Winburn's most dominant memories occurred in the state finals of 1986. Charlie Honea had thrown a pass his way. Winburn's mind was filled with thoughts of a great play ending in a touchdown, but the pass never connected and Winburn's thought was crushed.

Outside of football, Winburn is president of the Student Council. Winburn serves as a sort of median between the student body and administration. If a suggestion or problem needs to be heard, Winburn goes to the administration with the proposal. Winburn has the great tasks of setting an example for his fellow schoolmates.

After graduation, Winburn plans to attend Texas Christian University. Once at TCU, Winburn plans to major in law. Upon receiving his degree, he hopes to play professional football.

Ending on a personal note, Winburn is especially proud of his motorcycle and would like everyone to know how he obtained it. Through a bet, Winburn's dad had to buy him the motorcycle after Winburn beat him three out of five times arm wrestling.

Winburn has been very successful throughout his four years at MHS. He is determined to be just as successful in the years to come.

Comegys is involved in several school organizations and sports. She is an active part of both the volleyball and basketball teams. Comegys felt the volleyball team had an excellent 1987-88 season. Comegys is an A-B student and has won several awards.

After graduation, Comegys plans to attend college. She plans to major in photography at a New York photography school.

In ten years, Comegys sees herself in college and establishing her career. She hopes to make plenty of money to support herself.

THE GREAT HIGHWAY PERFORMERS

Faculty, Staff show "shades" of emotion

2.

3.

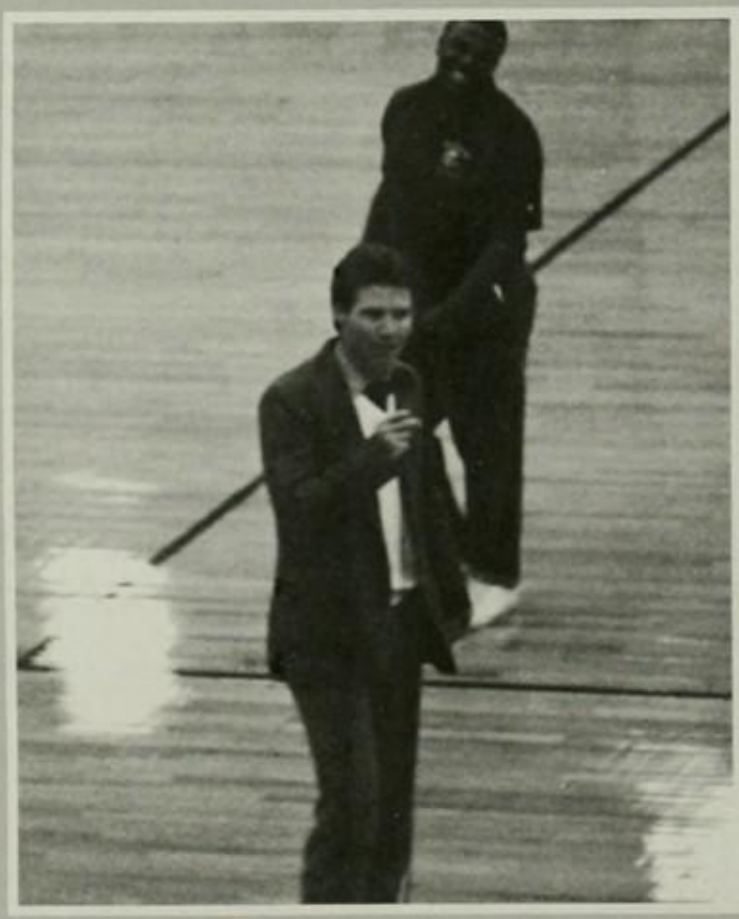
And as the year came to a close, we reflected on the emotions we felt. We see the future. We feel the present. As we enter a new "shade" of life, 1987-1988 will fade to a "shade" of gray.

1. Lionette coaches rejoice at victory.

2. Principals Hanning, Joshua, Sudbury and Lee pose with Senator and Mrs. Lloyd Benson during teacher in-service.

3. MHS staff presents Christmas music.

4. Coach Randy Hales encourages baseball team members.

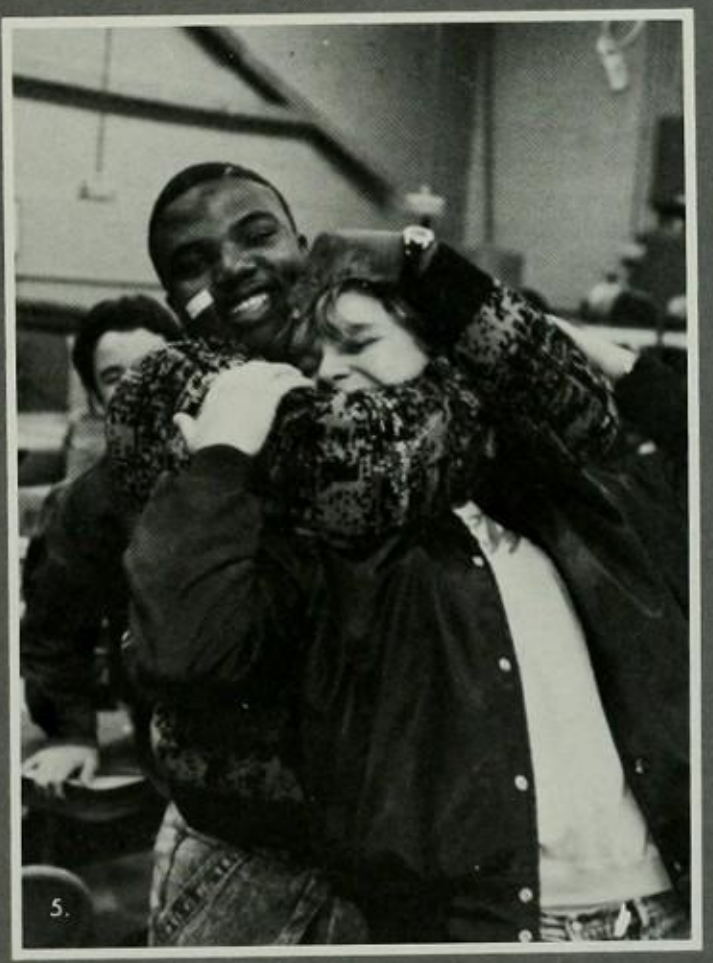


4.

1.

Reach out and touch . . .
MHS students show "shades" of friendship

4.



5.

1. Shiela McNiel, senior and Mike W. show "shades" of loyalty to Texas A&M and UT.

2. Three's company.

3. "The real thing." Students show a "high five."

4. Mary and Tammy show how friendship is fun.

5. Brodrick Johnson kids around with a friend.

Profiles . . .

1.

MHS has many interesting faces. Smiles, tears, frowns all grace the faces from time to time. These pictures show us "shades" of MHS profiles!

1. Leslie Wood, senior, gazes at MHS hallway.

2. Jason Boyd demonstrates his "winning" slam dunk form.

3. Members of the Lionette basketball team celebrate win.

4. Mary Johnson is all ears.

5. Amanda Bryant, junior, drums up spirit.
